# INTRODUCTION

This guide shows how to remove the battery for the Asus X550.

## Step 1 — Battery

-  The battery is held in place by two latches.
- Flip the laptop over so that the underside faces up.
  - Slide the right battery latch outwards into the unlock position.

## Step 2

- Use your finger to slide and hold the left latch outwards in the unlock position.
  - Slide the battery out from its recess away from the latches.
-  When you replace the battery, remember to re-lock the right latch by sliding it inwards.

To reassemble your device, follow these instructions in reverse order.
