Step 1 — Back Cover

(i) Power off your phone before beginning disassembly.

● Insert a thumbnail, or a prying tool like a spudger, into the notch at the bottom right of the back cover.

● Pry the back cover up to start separating its plastic clips.

Step 2

- Slide around the bottom right corner of the back cover to loosen the lower plastic clips.

- Lift the back cover to release the rest of the plastic clips and remove it.

- 📌 To reinstall the back cover press it firmly into place until you hear a snap from the plastic clips to form a seamless connection with the rear side of the phone.

To reassemble your device, follow these instructions in reverse order.
