

Asus Q200E-CT144H Back Cover Replacement

How to remove the back cover on the Asus Q200E-CT144H laptop.

Written By: Kirsti Wattles

INTRODUCTION

The overall purpose of having the back cover attached to the Asus Q200E-CT144H laptop is to protect what is stored within the laptop. If the back cover of your laptop is damaged, this can affect the components which are withheld inside the laptop. This can include the battery, fan, speaker, etc. The last thing you would want is for something to happen to the back cover, and if something has already happened to the back cover you can use this guide to assist you in replacing the back cover.

TOOLS:

- [Phillips #00 Screwdriver](#) (1)
 - [iFixit Opening Tools](#) (1)
-

Step 1 — Back Cover

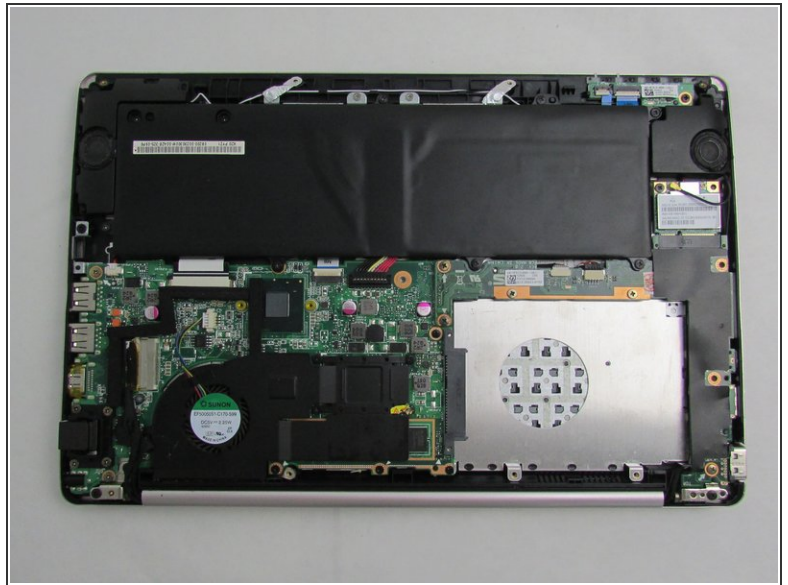

- To start, turn off the laptop and disconnect the power cable.
- ⚠ If the computer is on or plugged in, it could cause electric shock.
- Flip the laptop over so the back panel is visible.

Step 2

- Remove the 9 screws holding the cover in place by taking a Phillips #00 Screwdriver and turning it counterclockwise.

Step 3

- Use an iFixit opening tool to lift the back cover and remove it from the laptop.

To reassemble your device, follow these instructions in reverse order.
