

MacBook Pro 17" Unibody Left Speaker Assembly Replacement

Written By: Andrew Bookholt

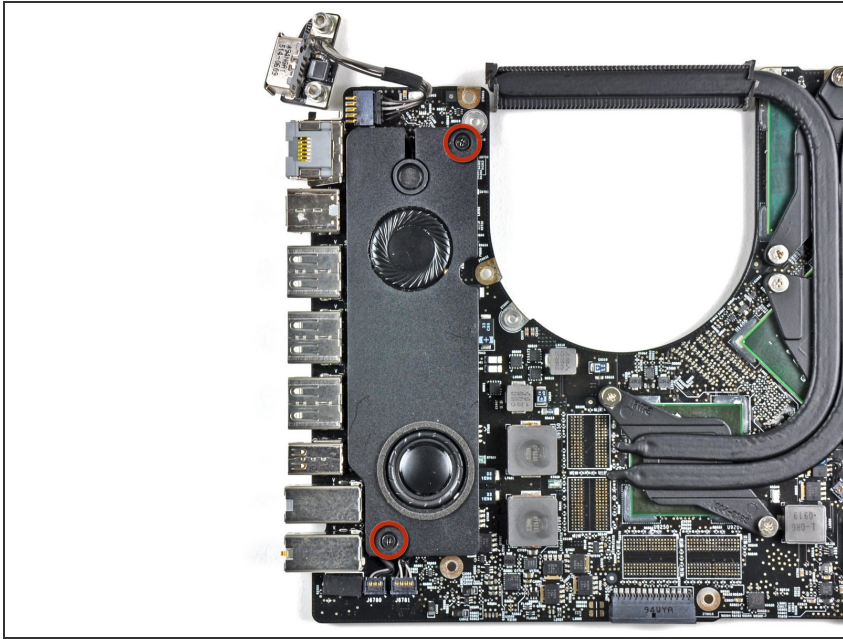

TOOLS:

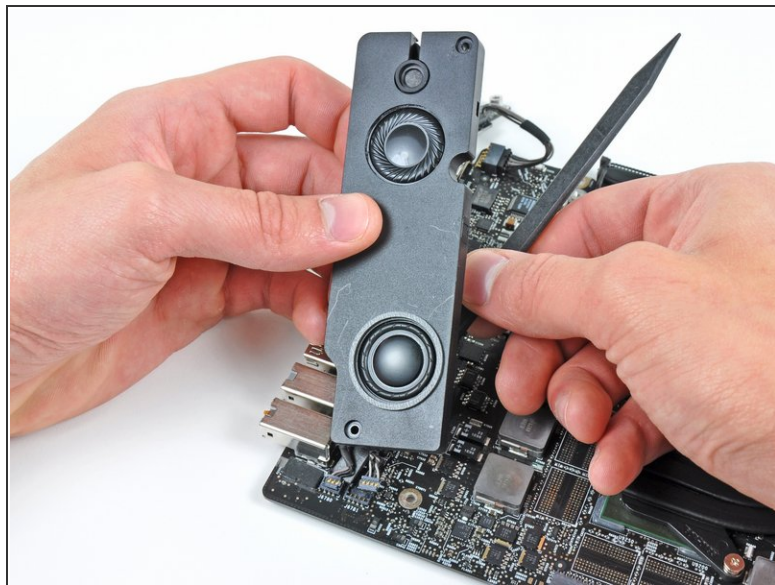

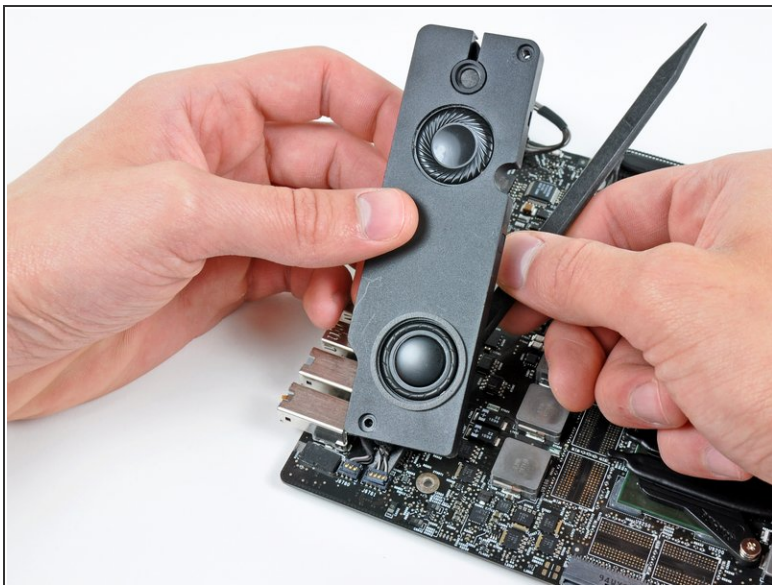

- [Phillips #00 Screwdriver](#) (1)
 - [Spudger](#) (1)
-

Step 1 — Left Speaker Assembly

- Remove the two 7.9 mm Phillips screws securing the left speaker assembly to the logic board.

Step 2

- Slightly lift the left speaker assembly off the logic board.
- Use the flat end of a spudger to lift the microphone and left speaker connectors out of their sockets on the logic board.
- ⓘ Pry up from beneath the wires.
- Remove the left speaker assembly from the logic board.

To reassemble your device, follow these instructions in reverse order.
