

Smart Parts Ion Grip Replacement

This guide will show you how to disassemble the grip on the Smart Parts Ion paintball gun.

Written By: Shane Villalpando

 **TOOLS:**

- [Phillips #2 Screwdriver](#) (1)
-

Step 1 — Grip

- Remove the four 8mm screws on each side of the gun's grip using a Phillips #2 screwdriver.

Step 2

- Remove the grip by sliding it towards the front of the gun.

To reassemble your device, follow these instructions in reverse order.
